ABOUT IC FILLING SYSTEMS INC.

IC Filling Systems have supplied bottling, labelling, and packaging equipment for water, soft drinks, beers, wines, spirits, kombucha, food sauces, chemicals and toiletries since 1994. 26 years of focused experience.

We solve problems. We are a family business that listen to our clients, act as technical advisors and deliver customized solutions tailored to your specific production requirements. Our vast worldwide experience in Filling and Packaging of liquid products offers you a chance to tap into our extensive databank of project management and technical knowledge.

Based in the US, UK and Italy, we provide a wide range of filling and labelling solutions to meet with the specific demands of our global clients. All machines conform to CE safety standards, and we also deliver UL & CSA conformity.

Operating internationally, we manufacture every machine in our modern factory in Italy, providing the latest technology. As a result, we produce only the highest quality, economic bottling, labeling and packaging equipment. Get in touch today.
